الدعم الشعبي  
لأهل غزة

**Gaza...**

**They wanted it**

**displaced**

**We want it**

**steadfast.. Rebuilt**

**The Israeli occupation authorities aim to displace the residents of Gaza through an ethnic cleansing campaign and genocide, brutally imposed since October 7<sup>th</sup>.**

**The presence of the people of Gaza on their land is a critical necessity to thwart the Zionist plan to displace them and eliminate the Palestinian cause.**

**90%**

of the population has  
become displaced

**70%**

of the buildings in Gaza  
have been completely or  
partially destroyed

**300,000**

homes have  
been destroyed

# Sumoud Neighborhoods

The Popular Campaign for the Support of the People in Gaza (Sumoud), launches its first project, “Sumoud Neighborhoods,” aimed at providing temporary vital spaces for the people of Gaza. This ensures the security of basic needs and services for their comfort and safety until reconstruction can begin.

“Housing is more than just four walls and a roof with windows and balconies; it is a place where families connect, relationships grow, meals are shared, memories are created, and it is the centre of our social and emotional lives.”

# Implementation Phase

The campaign has started the fundraising phase to secure the necessary funding to construct the first group of houses, associated with the ceasefire announcement.

The residential units and neighborhood needs will be built by the skilled hands of our people in Gaza, allowing them to live with dignity and stability on their land.

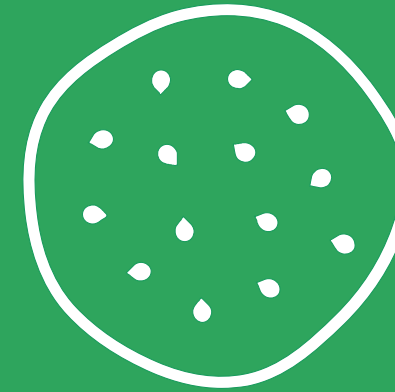

# Neighborhood Features

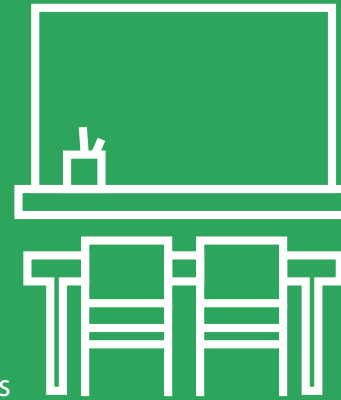

Sumoud Neighborhoods will include a collection of temporary ready-made homes, accommodating up to one thousand residential units per neighborhood or as per the available land area.

The neighborhoods will feature a primary healthcare center, classrooms, a children's play area, a bakery, and commercial facilities.

# Logistical Information about Sumoud Neighborhoods

- Housing Composition
- Manufacturing
- Where we Begin
- Proposed Locations
- Transport
- Our Partners

# Housing Composition

Each unit provides a nurturing space for a family, measuring 4x6 meters. Each house is equipped with essential items such as beds (mattresses), blankets, and other needs to provide temporary stability for our steadfast people in Gaza.

# Manufacturing

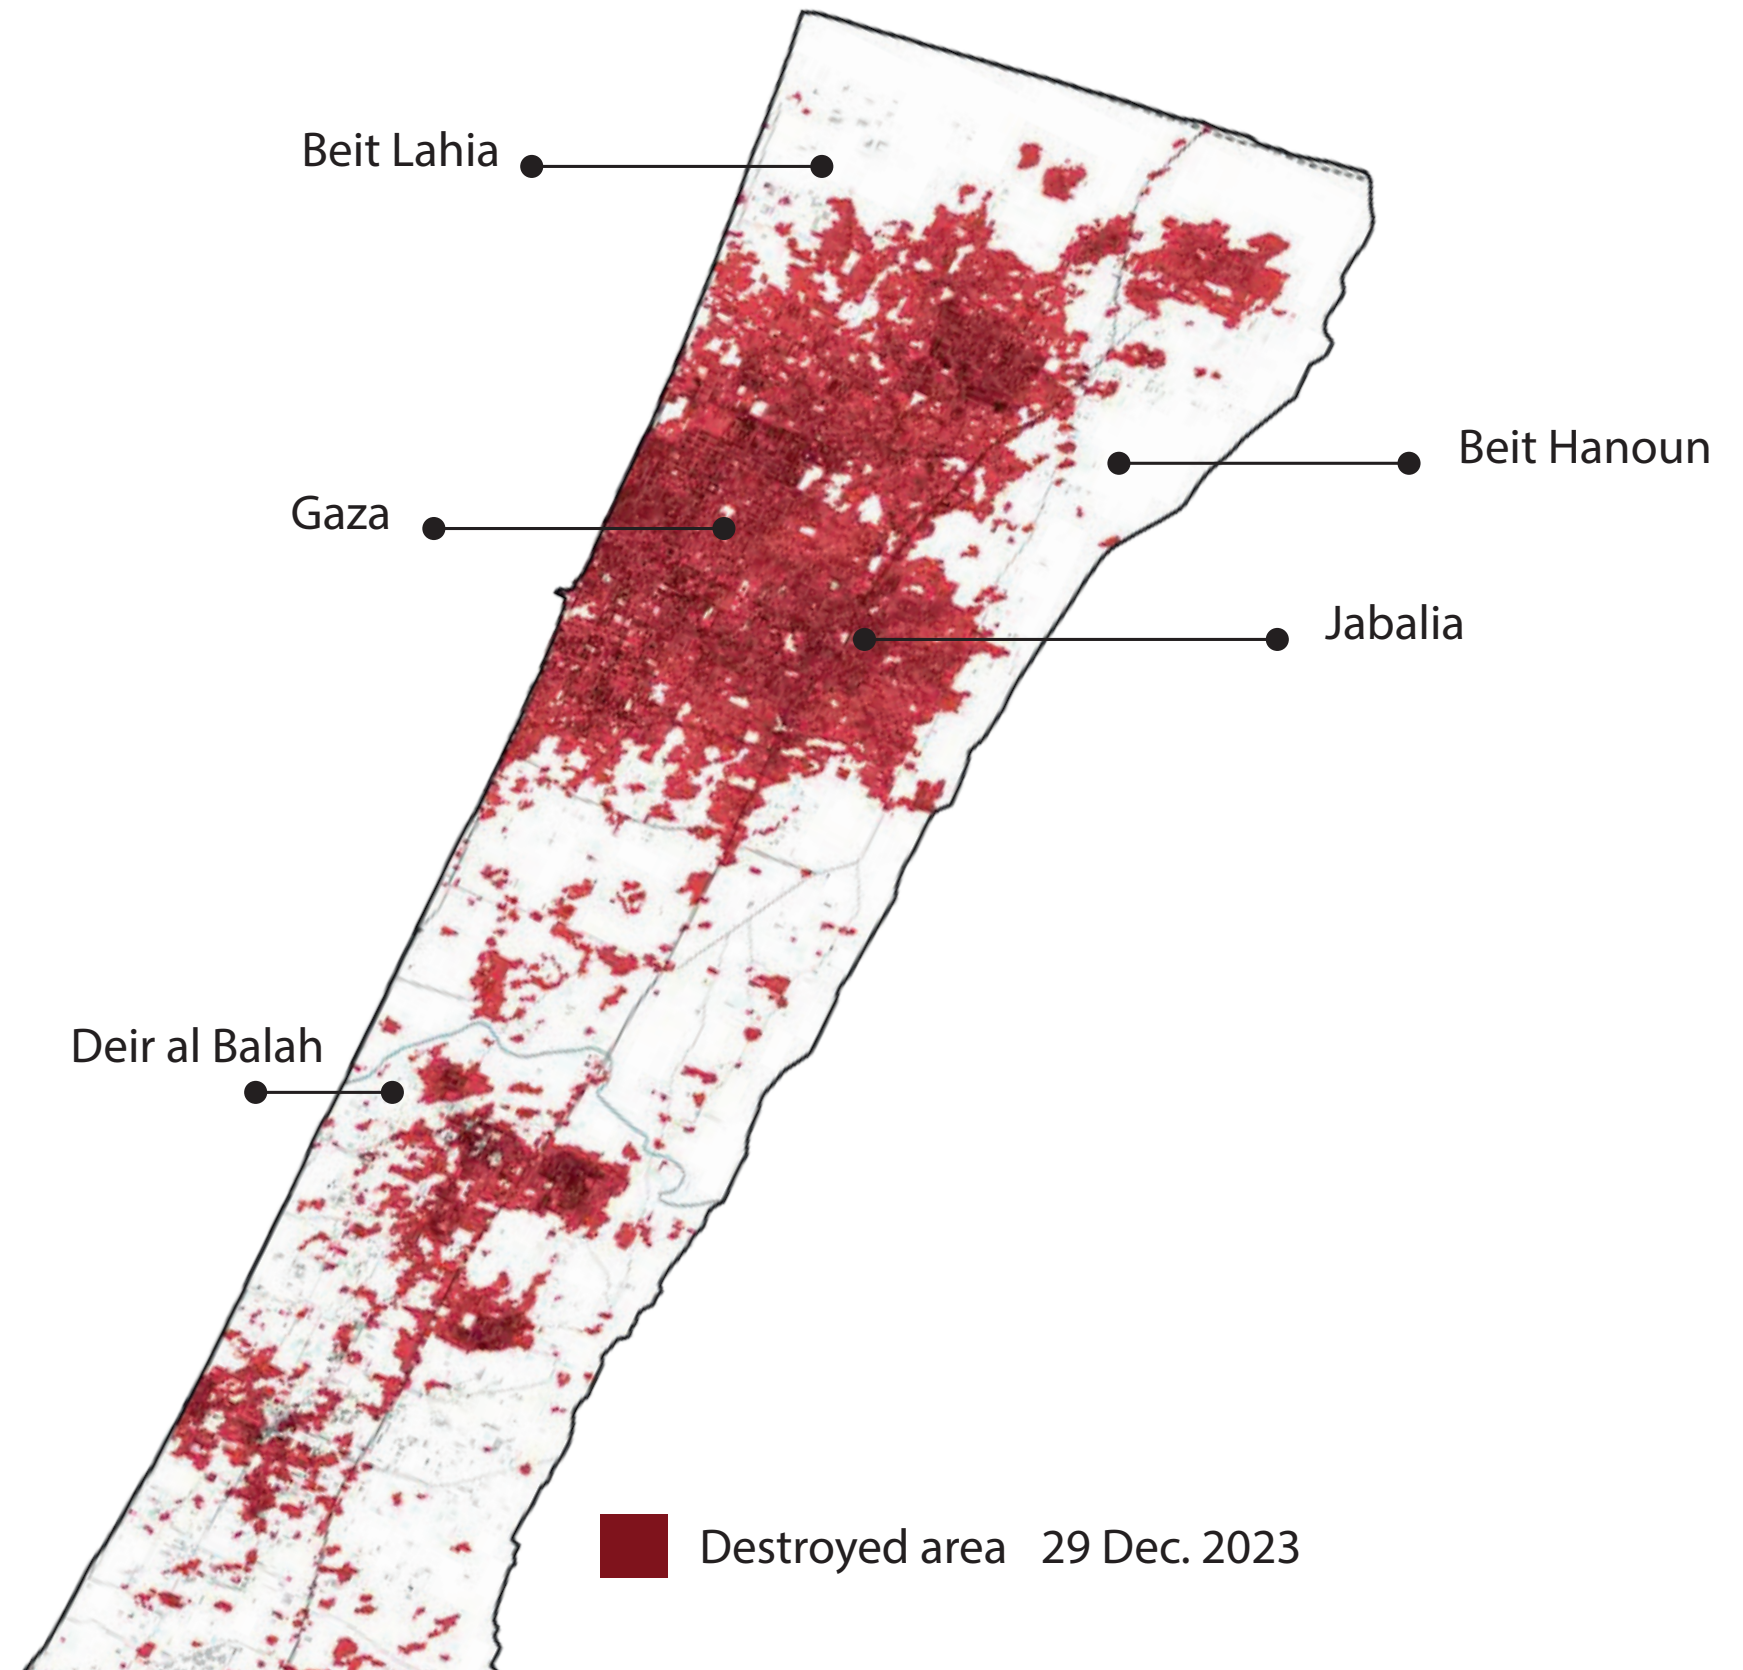

The housing will be manufactured in Jordan according to UN-approved specifications. We are also exploring the possibility of adding solar panels for electricity generation. Thousands of similar units have already been implemented at Azraq Camp by Jordanian factories.

# Where we begin

The northern part of the Gaza Strip, one of the areas most devastated by the occupation, will be prioritized for the implementation of Sumoud Neighborhoods once a ceasefire is announced and aid can be delivered. The estimated destruction in the northern sector is around 90%.

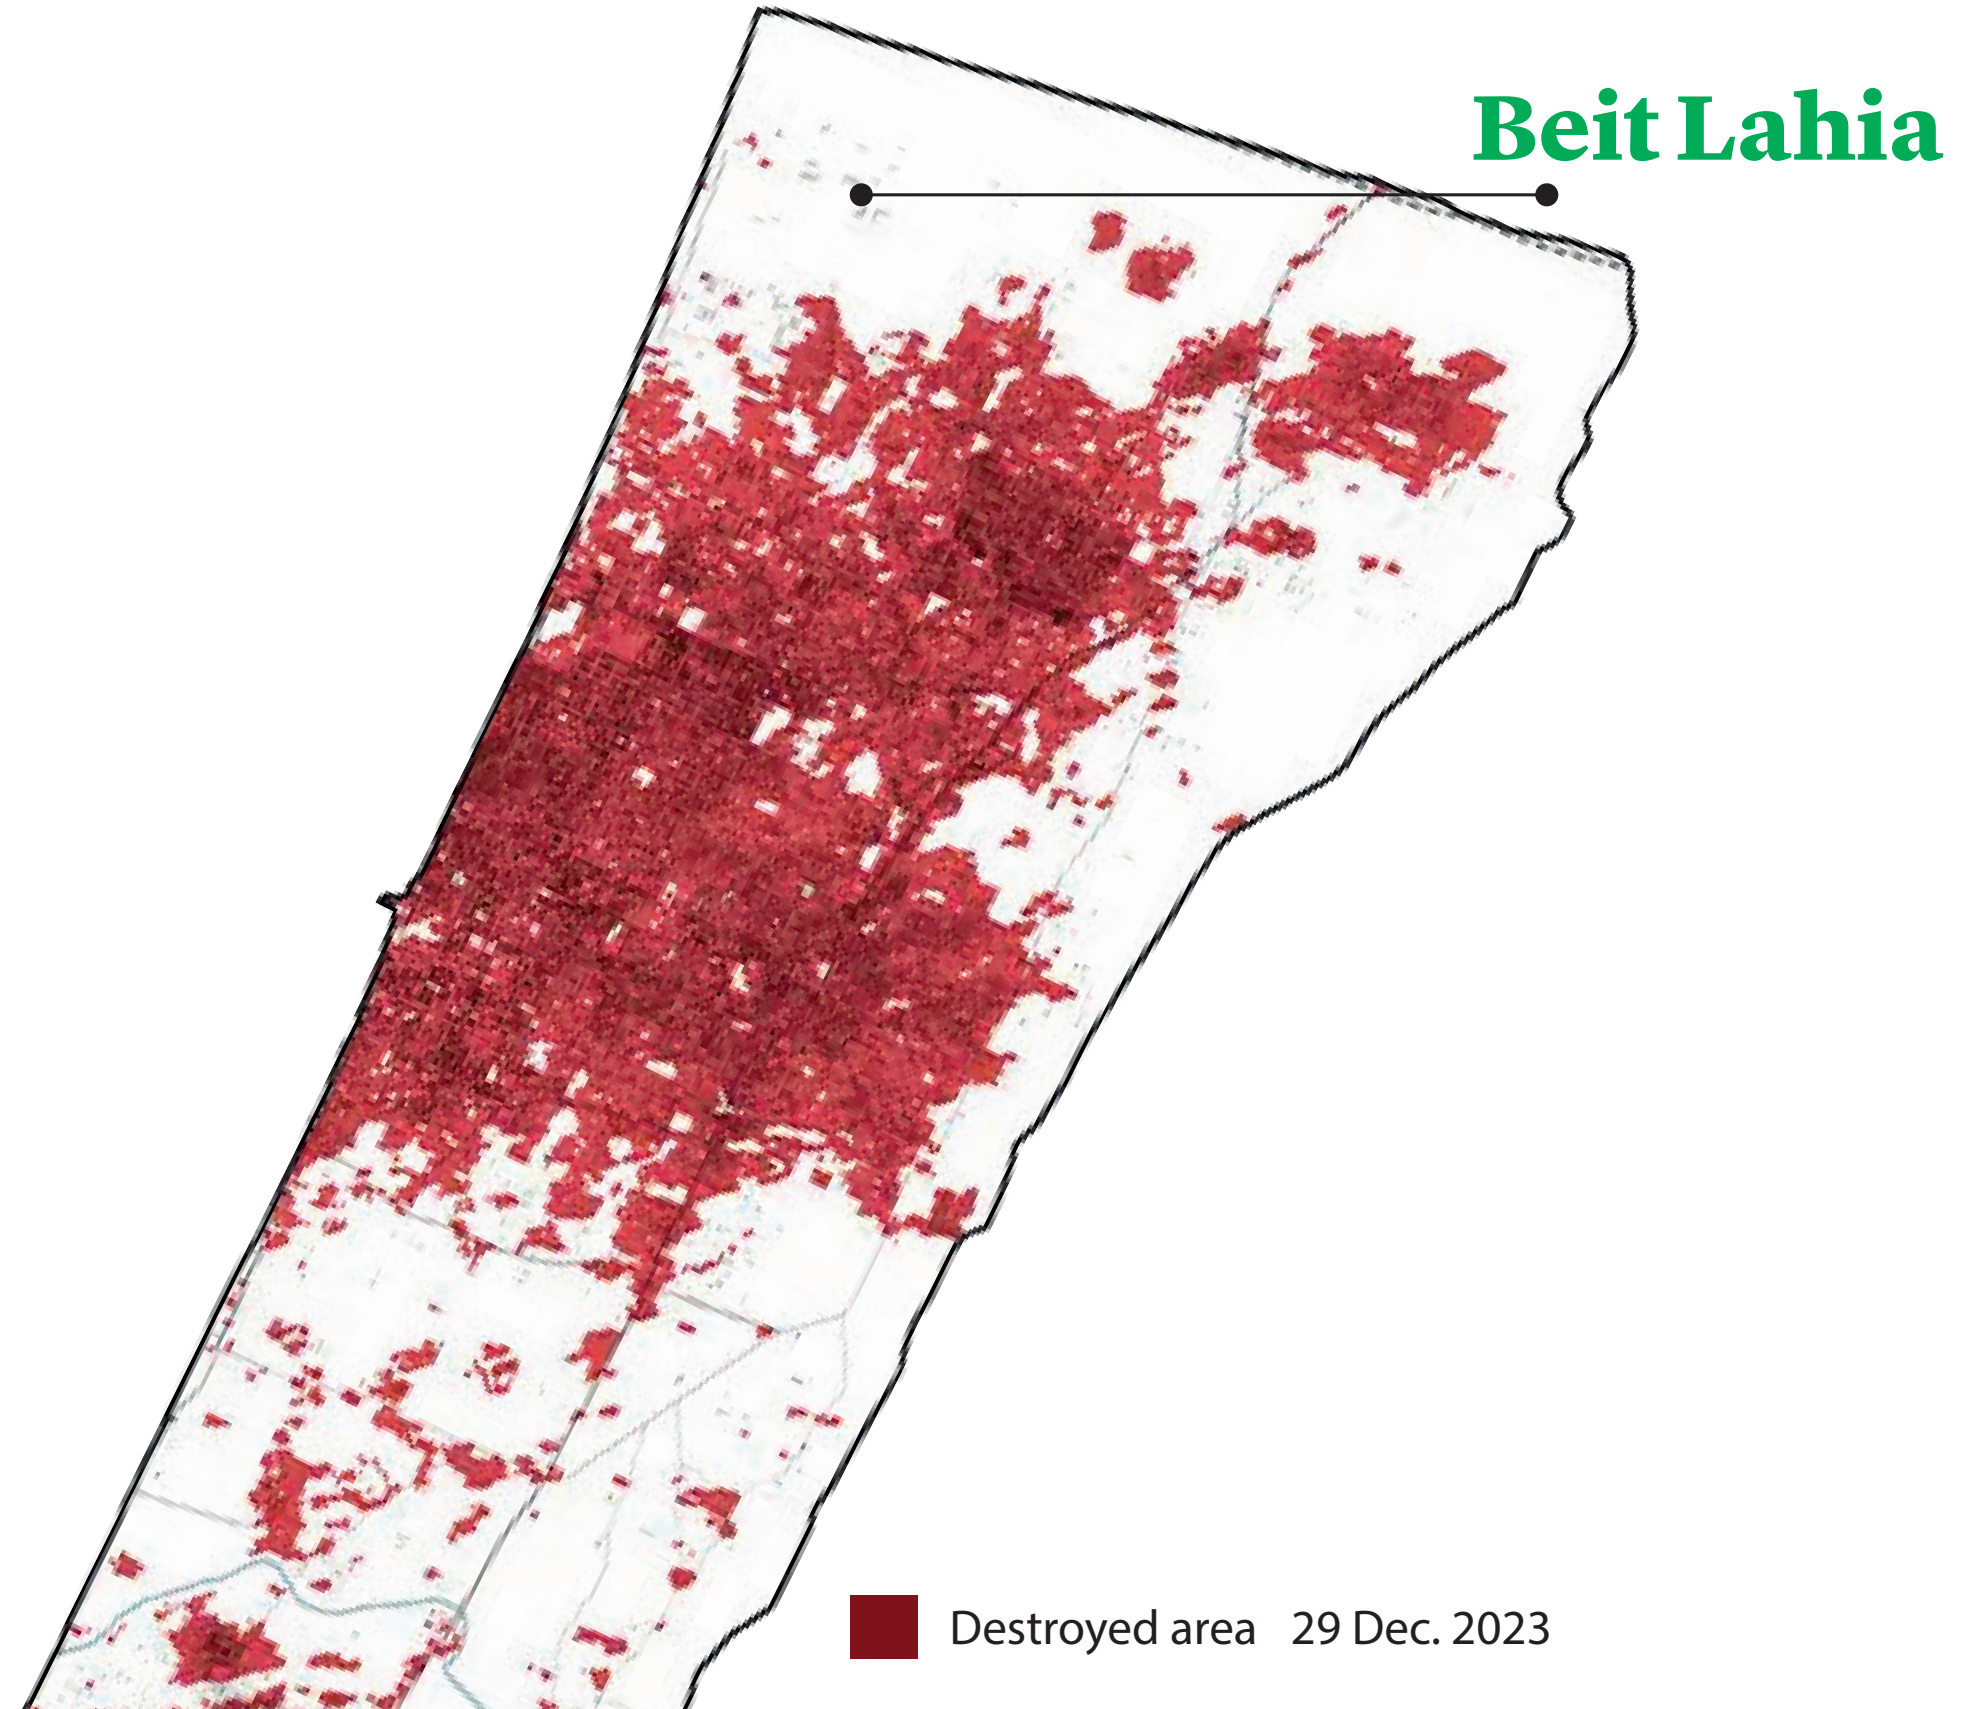

We will work diligently in the Sumoud Campaign to start implementing the Sumoud Neighborhoods in the northern Gaza Strip and give it priority as soon as a ceasefire is announced.

# Beit Lahia

The food basket for the Gaza Strip, and it is proposed that the Sumoud Neighborhoods project be implemented there.

Locations cannot be definitively identified until after a ceasefire and the commencement of aid delivery.

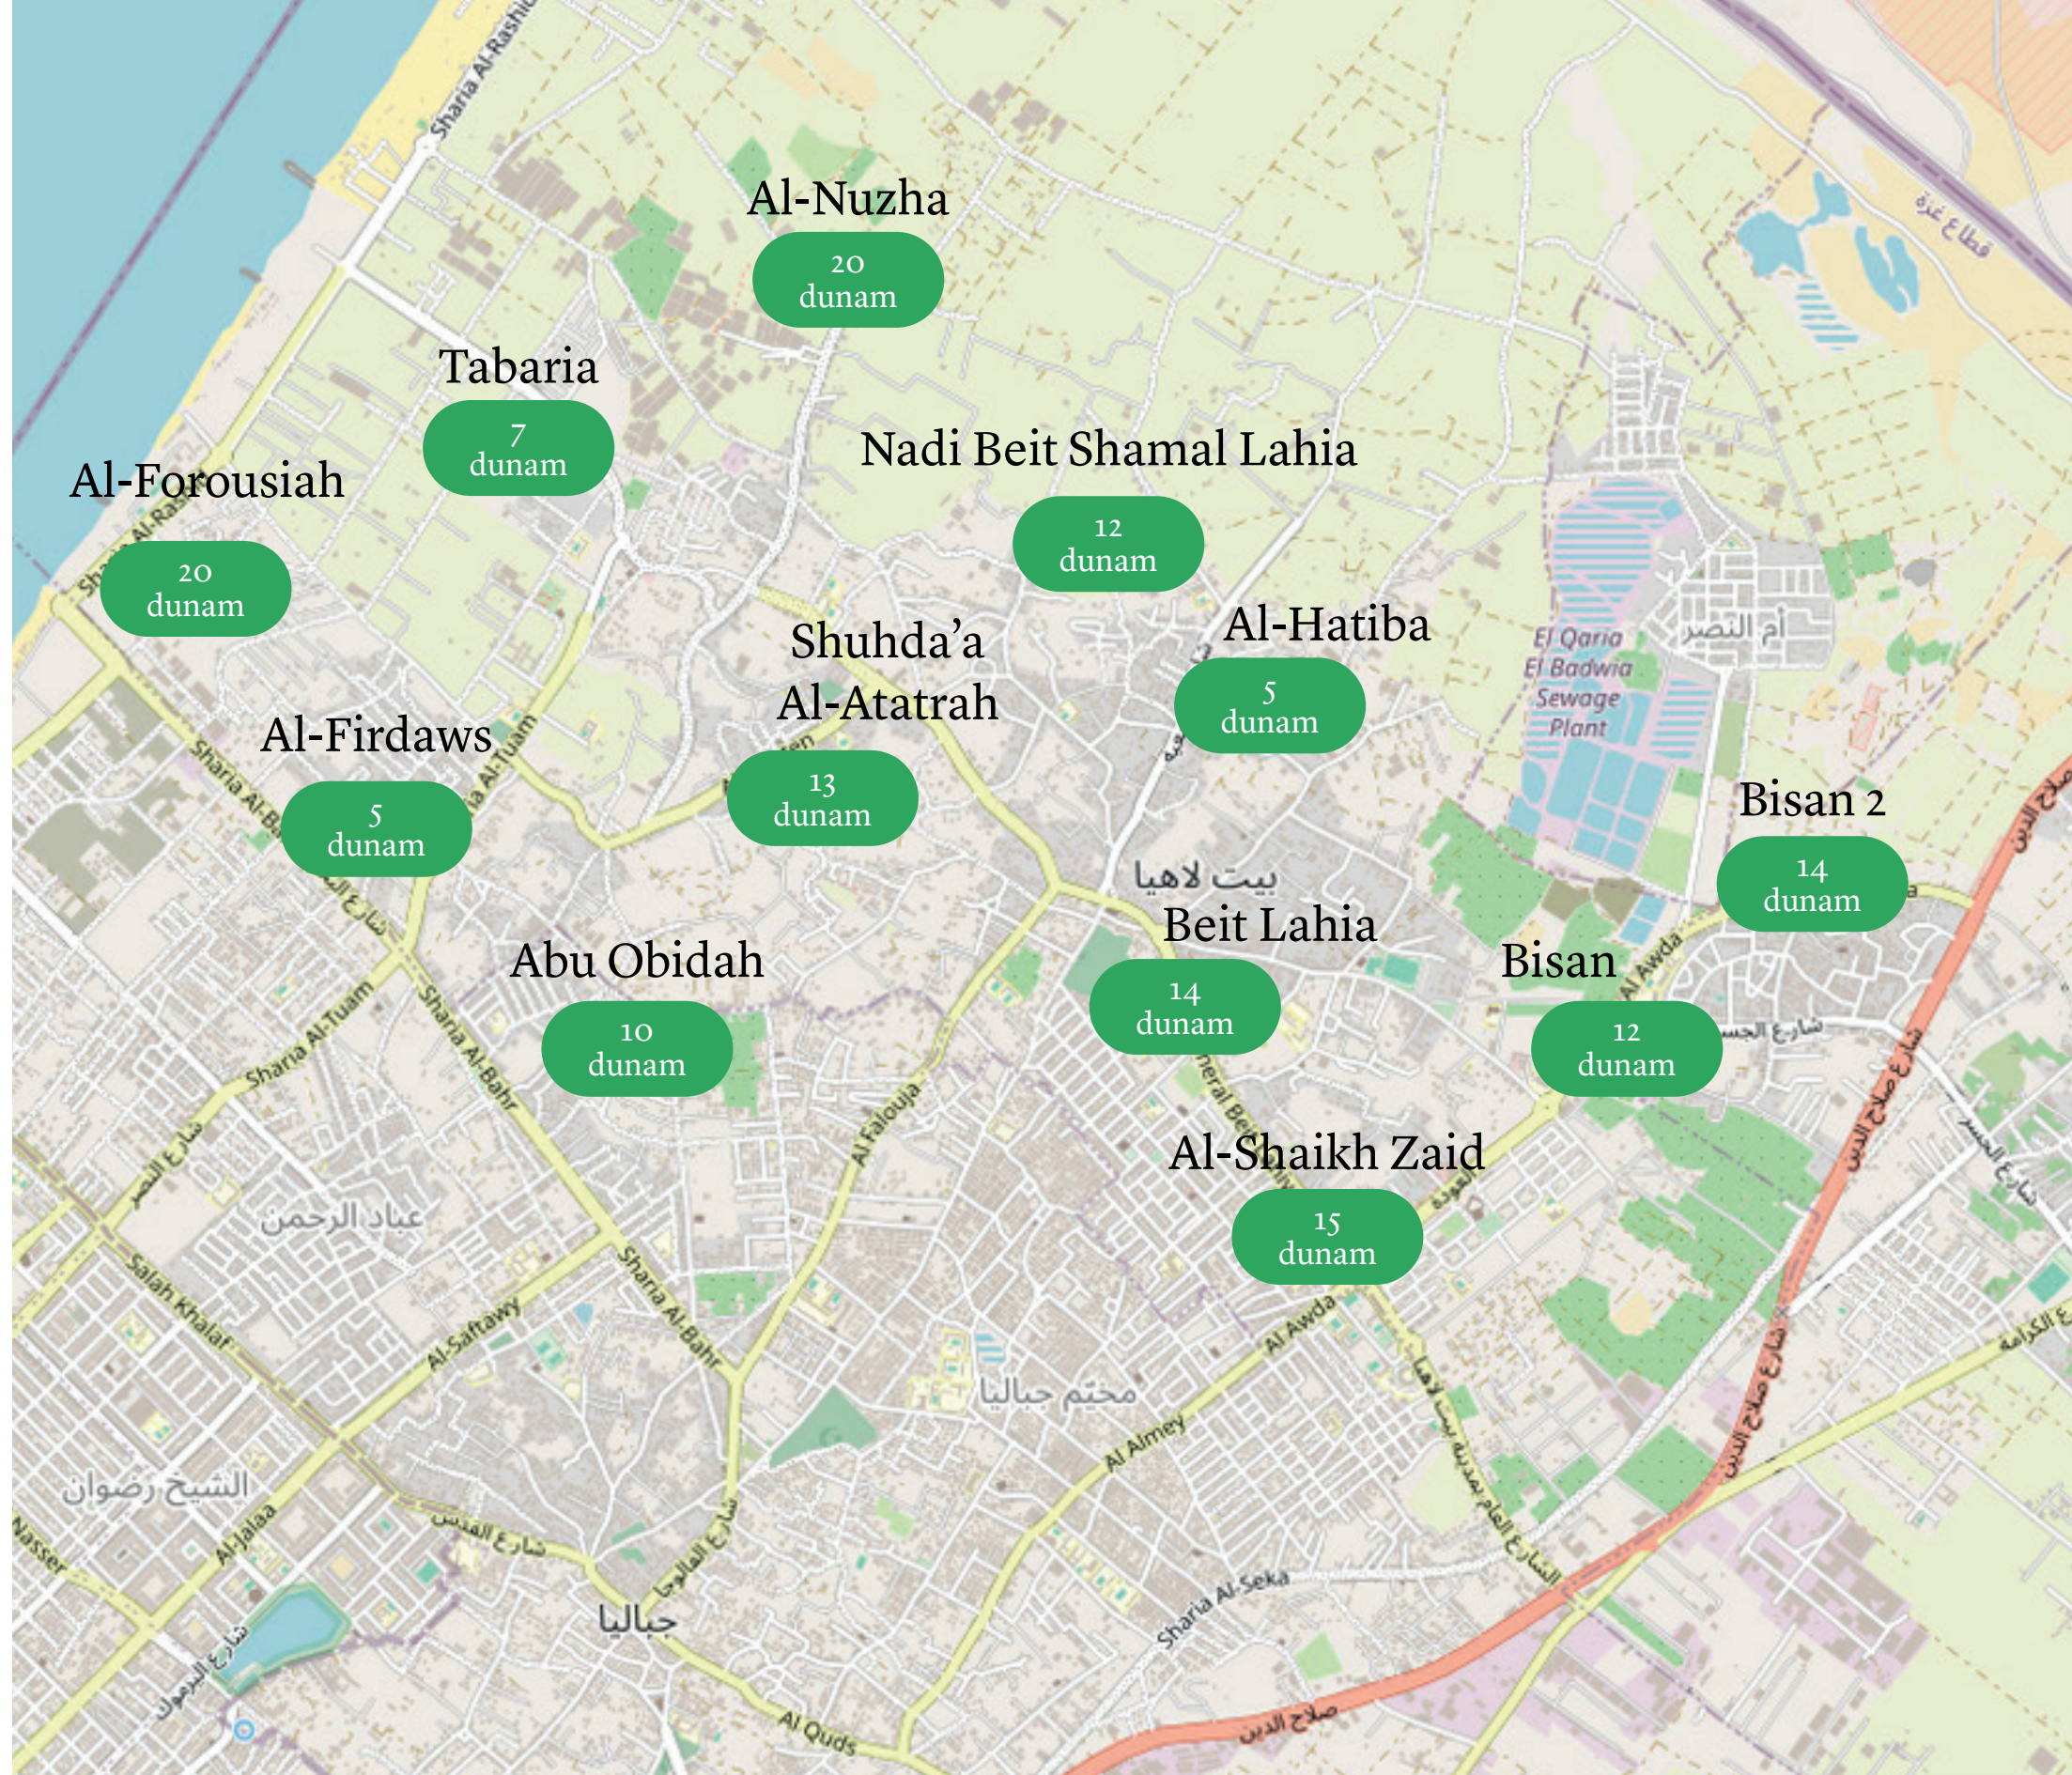

# Proposed Locations

The municipal survey by Beit Lahia Municipality has identified available land parcels suitable for establishing Sumoud Neighborhoods, with 12 proposed sites being prepared by the municipality.

All lands are owned by the municipality.

# Transport

The Jordan Hashemite Charity Organization (JHCO) will directly purchase all necessary supplies for the Sumoud Neighborhoods project from the allocated amount of donation proceeds, based on a pre-agreement with the Sumoud Campaign that includes specifying the technical requirements and quantities, and with representatives from the Sumoud Campaign present in the tender, purchasing, and receipt committees.

**Purchases by the organization are exempt from sales tax and customs duties, thereby reducing costs and providing greater support for the people in Gaza.**

# Our Partners

## The Jordan Hashemite Charity Organization - JHCO

The Jordan Hashemite Charity Organization (JHCO) will directly purchase all necessary supplies for the Sumoud Neighborhoods project from the donation proceeds, based on the agreement with the Sumoud Campaign, which includes specifying technical requirements and quantities. Purchases by the organization are exempt from sales tax and customs duties, thus reducing costs and increasing support for the people in Gaza.

## The People of Gaza

'Sumoud Campaign' is building partnerships with local organizations and institutions within Gaza.

They will guide the campaign to meet their needs.

After the ceasefire, they will have the primary role in implementing and managing the neighborhoods .

# Sumoud Neighbourhoods - an overview

## Fundraising:

- The 'Sumoud Campaign' has begun fundraising to secure the necessary funding for establishing the first group of homes, the implementation will be carried out once a ceasefire has been announced.

## The Neighborhoods:

- 'Sumoud Neighbourhoods' comprise a set of temporary prefabricated homes
- We aim for each neighbourhood to accommodate up to a thousand homes, depending on the available land space
- Each 'Sumoud Neighbourhoods' provides enough space for eight to ten thousand individuals
- The neighbourhoods will have a primary healthcare centre, classrooms and commercial facilities
- Each home will measure 4x6 meters and will be equipped with essential amenities

## The Manufacturing:

- The temporary prefabricated homes will be manufactured in Jordan, according to specifications approved by the United Nations
- Preparation and transportation of the prefabricated homes will be a collaborative effort with JHCO
- The people of Gaza will install the prefabricated homes
- Site selection will be coordinated with the municipalities of the Gaza Strip.

# About Sumoud

The Sumoud Campaign, a long-term organized volunteer effort, aims to support our steadfast people in Gaza by gathering solidarity and cooperation with various associations, organizations, and all segments of the Jordanian population.

## 100% donation and volunteering

We strive for transparency and credibility in the campaign; every donation made will fully reach the people in Gaza to cover their needs without any deductions. Hundreds of volunteers from diverse backgrounds drive our campaign, united by the belief in our duty to provide unwavering support for the people of Gaza.
